

JOB VACANCY - GRADUATE ENVIRONMENTAL CONSULTANT

Description: We are recruiting for a Graduate Environmental Consultant to support the consulting team with the delivery of a range of research projects, material collection projects and practical trials for clients.

Location: Bramhall, Stockport and Trafford Park, Manchester

Contracted hours: Average 37.5 hours per week, 09:00 -17:00

Principle duties:

- Desk-based research and market research telephone calls
- Co-ordinating and managing Axion's internal Environmental Management System (EMS), including conducting internal audits and identifying opportunities for continuous improvement
- Writing reports, bids and communication materials
- Supporting and coordinating practical trials
- Ensuring projects are always delivered to Axion standards and values
- Keeping abreast of relevant legislation within the waste and recycling sector
- General administration and project support as required

Scope of Job:

- To interface with suppliers, customers and Axion staff

Required Qualifications / Experience / Competencies:

- Degree in Environmental Science, Geography or similar. Candidates with a strong interest in Sustainability, and a degree in another discipline. E.g. History or English will also be considered
- Preferably one year's experience in industry
- Knowledge of or an interest in the waste and resource management sector
- Experience of Microsoft Office, particularly the use of Word and Excel
- Positive, can-do attitude and self-motivated
- Well organised and the ability to work well under pressure
- Problem solving skills
- Customer service experience
- Good oral and written communication skills
- Excellent interpersonal skills
