

JOB VACANCY - WEIGHBRIDGE OPERATOR

Job purpose and scope: To safely coordinate customers and suppliers and accurately record weight data using the computer system (RECY) as vehicles deliver or remove materials to and from the site. To work closely with the SWAPP shift leaders and SWAPP Plant Manager, Axion employees and the S Norton team.

Location: Trafford Park, Manchester

Working hours: 42.5 per week, Monday - Friday 06:00 – 15:00 with occasional Saturday working as required.

Reporting to: Plant Manager

Principal Accountabilities:

Storage area duties

- Controlling all vehicle movements over the weighbridge and weighing the vehicles on and off of the weighbridges
- Producing an accurate weighbridge ticket for all loads entering and leaving the site
- Notifying the driver when the vehicle is overweight
- Monitoring the cameras via the CCTV desktop application to help with plant communication and receiving deliveries
- Placing orders for PPE, office supplies and general products for SWAPP contractors, agency and the control room
- Maintaining the weighbridge office to ensure it remains clean and tidy

Required Qualifications/Experience/Competencies:

- Computer literate
- Good time keeping and attendance record
- Good communication skills
- Ability to work in a busy environment whilst ensuring the highest standards of accuracy
- A willingness to learn new skills
