

JOB VACANCY - PROJECT ENGINEER

Job purpose: Axion is looking for a Project Engineer to deliver a wide array of projects and infrastructure upgrades across the S Norton sites in Manchester and Liverpool.

Location: Trafford Park, Manchester and Liverpool

Job type: Full time, fixed term contract for 12 months

Working hours: 37.5 per week Monday - Friday, with occasional weekend work as required

Main duties:

- Managing infrastructure, facilities and mechanical installation projects across the Manchester and Liverpool sites
- Projects ranging in value up to £100k
- Collaborating with the site operations and maintenance teams to co-ordinate installation works to minimise disruption to the business
- Managing sub-contractors and ensuring relevant HSEQ systems and standards are adhered to
- Purchasing and procurement using CMMS
- Compiling and maintaining comprehensive records and documents for projects
- Any other reasonable tasks as required

Knowledge and experience:

- 2+ years experience in a relevant role
- ONC/D, BTEC or NVQ City & Guilds qualification in a relevant discipline
 - For example Electrical or Mechanical engineering
- Site installation management experience
- Familiarity with safe systems of work
 - For example, permits to work and isolation/lock off procedures etc.
- Experience of Microsoft Office, particularly Word and Excel
- Positive can-do attitude
- Self motivated
- Well organised and works well under pressure
- Problem solving skills
- Excellent interpersonal skills
- Excellent communication skills
- Full UK driving licence required
