

JOB VACANCY - PRODUCT SORTER

Job purpose and scope: To ensure safe, effective and efficient operation of the laboratory processes and adherence to procedures. To support our lab operations and operators as they optimise the existing operation and our process engineers as they develop innovative material recovery systems.

Location: Trafford Park, Manchester

Working hours: 37.5 hours per week, 07:00 – 15:00 Monday - Friday

Contract type: Permanent

Main duties:

- To carry out laboratory procedures as described in standard operating procedures in a safe and professional manner in order to produce results to the required quality.

These procedures will include:

- Accurate hand sorting of product mixtures
- Weighing of samples
- Record all tests results diligently
- Work with the Laboratory Supervisor, Shift Leaders and other colleagues in order to ensure that individual and company performance targets are met
- Prepare laboratory equipment for use by others and yourself
- Carry out instructions as laid out in the standard operating procedures using appropriate PPE as specified
- Be aware of all safety requirements for the working area and abide by all safety rules and regulations
- Ensure that all working areas are always safe and clean
- Liaise continuously with other team members to resolve any difficulties encountered in the processing
- Receive and record incoming goods
- Maintain and look after laboratory equipment
- Manage time effectively
- Attend daily meetings when required to report on sample quality
- Any other additional duties as required
- To work in line with the company mission, vision and values

Required Qualifications/Experience/Competencies:

- Team player, reliable and punctual
- Experience of using Microsoft Office, in particular Microsoft Excel and Word
- Positive attitude and with attention to safe working practices and environment
- Strong attention to detail, accurate and precise
- 5 GCSEs A-C/9-4 or equivalent including mathematics
